# ENCOUNTER

The artistry of glass comes together in Encounter.

The beginning and the end with  
an amazing encounter in the middle.

Let's meet in the middle of our lifestyles,  
habits, thoughts and ideas.

Encounter is a mesmerized composition of clear  
sparkling mouth-blown glass  
which leads us to infinity.

# ENCOUNTER

# MOONWAVE

## MOONWAVE

Moonwave, glass that reflects the sparkle of water in the sea by moonlight.

The artful mouth-blown glasses are available in 3 colors.

Gold Deore, Chrome and Anthracite.

Always with transitions to clear sections that create a floating effect.

The lampshades are available with a choice of chintz or a highly exclusive Indian silk, with a gold or silver inside finish.

Moonwave transforms interiors into warm, atmospheric and intimate spaces.

## ICICLES

One of nature's most spectacular and fascinating creations, underground, deep in the mountains, are the dazzling stalactites and stalagmites.

The naturally formed, almost unnaturally beautiful compositions are unique and never cease to amaze.

This wonder of nature inspired the design of Icicles.

A unique and sophisticated design of hand-blown glass, combined with a sublimely finished base of brass. Timeless with a touch of extraordinary, enriches the interior with luxury and impeccable beauty.

# CORAL

Life is to be cherished,  
always and with all intensity....  
The life of coral on the sea floor is one of the  
most amazing spectacles on earth,  
with unparalleled beauty.  
It is another reality only visible through  
discovery and experience.  
The design of Cycasi's Coral is inspired  
by this breathtaking beauty.

# SINGLE

Alone and yet a group.  
The power and possibility of alone.  
One more, two more, many more.  
All single yet together.

Create your group: Single

# INSIDE OUT

The arena is a place,  
an embrace for its athletes, artists and plays.

Life takes place in the arena.

Inside out captures the light  
with its glass ornaments in an impressive ring.  
Life in the ring can be admired from every view.

It surprises and you discover its beauty.

## FIFTEEN CARAT

The magic of a diamond is undeniable.  
Its sheer brilliance with its brilliant sparkling colors captures  
the imagination of everyone who loves beauty.  
A diamond is the symbol of affirmation of  
unconditional love between two people.  
Shaped, given and worn by a ring.  
A jewel with the premise to amaze and covet yourself and others.  
Fifteen Carat is a jewel that is worn by the environment,  
the interior, your personal style.

# SENSES

Senses is true glass art: handcrafted, one-piece,  
Bohemia crystal glass.

art. T1\_50420

## ON-LINE

The playfulness and the simplicity of glass.  
One thing is certain: On-line is a composite of bells.  
Without sound but with the brilliance  
of light and clear glass.  
Create something beautiful above a dining table,  
let the length of the tubes speak for itself  
in a composition for a lounge  
or create an impressive entrance with  
grand dimensions in a vide or hotel lobby.

ON-LINE

# ARCTIC ICE

Frozen, shadows and with the glitter  
of ice crystals, the landscape of the Arctic  
is supernaturally spectacular.  
Ice floes looming from the water like  
exclusive mountains.  
Ominous and at the same time an oasis of calm.  
Arctic is a sculpture and combination  
of metal, crystal and light.  
Dazzlingly beautiful from every angle.  
To be composed into impressive sculptures with  
enormous appeal and admiration.

DELUSION

art. W1 / C1 50075

# DELUSION

WALL ART

art. W300 15010

The imagination speaks for itself  
or is it a Delusion?

Cycasi created this delusional work  
of metal art.

The space is absorbed in the Delusion.

It is if art is alive in this spectacular creation.

Customization makes application infinite.

And that is not a Delusion but reality.

## SWING AROUND

Dancing on tiptoes called 'En Pointe' is an almost inhuman art of movement. Pure emotion comes together with elegance and strength. The intimacy between the ballerinas and the strong dancers who support them. The composition of Swing Around is a performance and representation of classical and modern ballet. Eclectic in design and fascinating beauty for an composition.... a dance.
